

TouchPASS

Total Fingerprint Solution Provider

Fingerprint & RFID **Time & Attendance / Access Control**

TouchPASS

Incorporating one's own advanced fingerprint recognition algorithm, TouchPASS offers a perfect solution for Access Control and Time & Attendance. With high quality fingerprint and RFID authentication, TouchPASS provides a different level of reliability and convenience. Versatile communication options including RS232 and LAN(TCP/IP) enable easy network integration and data transfer.

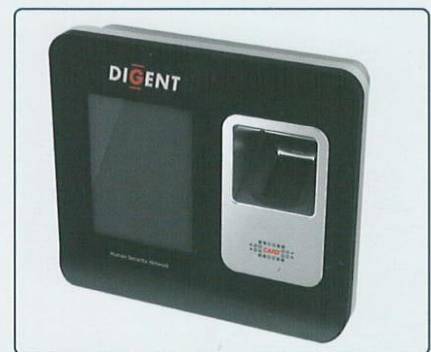

TouchPASS offers industry-leading technology with high speed fingerprint recognition and enables simple and easy operation in a full touch screen for users.

● FEATURES

- Advanced Fingerprint Quality
Own fingerprint algorithm guarantees fast and reliable fingerprint reading quality
- High frequency RFID Card
Include 13.56MHz RFID module in a terminal. RFID card recognition enhances double layer security level with fingerprint.
- LCD Full Touch Screen Design
LCD Full Touch Screen provides an exquisite visual design, which also enable to add various advertisement features.
- RS232 and TCP / IP
Support RS232 and TCP / IP communication.
- 2,000 (or 3,000 optional)-Users enrolled / Max. 35,840 User data
Maximum 3000 users and 35,8410 user data can be stored in a terminal.
- Excellent & Easy Program
Excellent data management by access control and Time & Attendance program. Enable users to see access control and Time & Attendance report via simple and easy operation

● APPLICATION

- Access control
- Time attendance

● SPECIFICATION

Fingerprint FAR / FRR	0.0001% / 0.1%
Fingerprint Verification Time	< 1sec
RFID Reader	13.56MHz(Mifare), ISO14443A
User / Data	2,000(3,000 Optional) / 35,840
Communications	RS232, TCP/IP
Door Lock Control	COM, NC, NO, Movement control, Exit button
LCD Display	320 * RGB * 240 TFT COLOR LCD
Voice	Audio Codec
Voltage / Current	12VDC / Max 500mA
Dimensions	134(W) x 112(H) x 34(D)mm
Weight (gr.)	265.5g

※ This specification is subject to change without prior notice.
